

Dimension Interiors

Health and Safety

Company Policy Statement:

Dimension Interiors' work is always carried out in accordance with the relevant statutory provisions, and measures are taken to ensure the health, safety and welfare of its employees. Every company employee will be provided with information and training to enable them to work safely and effectively. Health and Safety considerations are always given priority during the planning of a project, and then continued on a daily basis throughout. Dimension's management and supervisory staff have the responsibility for implementing and ensuring that the Health and Safety policy is adhered to.

Employees and sub-contractors are also expected to co-operate with the company in carrying out this policy. All operatives wear the necessary safety clothing and protective equipment whilst at work. Day-to-day decisions are made by the site Foreman, then reported to the Dimension Interiors office to approve. Site progress is monitored throughout to ensure a smooth process.
